Base Impact Inc.

Technology help for Brevard County, FL | Pre-filing nonprofit | Scottsmoor, FL

Mission

To help neighbors get connected - devices, internet, and the skills to use them - and to help small nonprofits keep their technology working. We focus on practical, hands-on support: refurbished devices, service applications, one-on-one training, and community resource navigation. We work alongside 211, not in competition with it.

Impact to date

20+ Local resources listed in our directory

7 Core programs (technology access, digital skills, laptop training, AI infrastructure, cell partnerships, resource guide, nonprofit tech support)

3 Counties with resource data (Brevard, Volusia, Orange)

2 Languages (English / Spanish)

Core programs

- Technology Access - refurbished phones, tablets, laptops; internet service applications; hotspot loans
- Digital Skills & Job Help - one-on-one help with email, job search, housing portals, benefits, online safety
- Tech for Small Nonprofits - free setup, security, and support for churches, pantries, and community groups
- Local Resource Guide - directory of food, shelter, showers, health, housing, and recovery services
- Laptop & Device Training - hands-on training for people new to computers, tablets, and smartphones
- AI & Technology Infrastructure - local AI models for form filling, document understanding, troubleshooting
- Cell Phone & Tablet Partnerships - free/low-cost phones and data plans via carrier partnerships

Current funding needs

- Cold-weather supplies: jackets, hoodies, blankets, socks, gloves, hygiene kits
- Devices & connectivity: refurbished phones/tablets/laptops, hotspots, data plans
- Training & support: one-on-one digital skills sessions, job/housing portal walk-throughs
- AI & infrastructure: AI-capable hardware for local, private, on-device AI assistance
